PRESIDENT'S REPORT

Ms. Esposito provided the following report:

Tejal Patel has been named to the position of Secretary /treasurer for our NABP District.

We have received notification from NABP of an upcoming training session for our District Nov 30-Dec 1st. There is only one paid representative per Board of Pharmacy.

Last week I consulted with the Board Investigator and Mr. Dryden about a Pharmacist. The final recommendations will come before the Board after the hearing is conducted.

I attended the PSHP Clinical Meeting in Valley Forge, Pa Oct 12-14.

A number of issues were reviewed by the immediate Past President Mr. Scola which included:

-HR592 and Senate Bill 314 Federal Legislation related to Provider Status for Pharmacists of the list of sponsors and those supporting these bills there was no one from Delaware.

ASHP has sample letters on their web site for anyone interested in sending one to our legislators in Washington and templates for states to use to for state practice legislation.

Technician Registration - they expressed disappointment in not getting this passed and being one of only 5 states that do not regulate. Delaware is one of the 5 as well.

Pennsylvania PMP is newly started. I asked about if a Pharmacist must be licensed in PA to register and have access to their system. No one could provide an answer, but said they would try and get the answer for Ms. Esposito.

Collaborative care was discussed and the history of this effort. Some felt that with provider status this would be less of an issue.

1624 ASHP and AMA support this legislation to BanDirect to Consumer Advertising of prescription drugs and medical devices.

1621 Timely Board of Pharmacy Licensure, PA is asking NABP to standardize licensing and reciprocity for Pharmacy residents to reduce the time that the process takes.

2020 Deadline for ASHP/ACPE Accredited Programs to be able to demonstrate that professionalism is being instilled in all candidates for Pharm D graduation.
